

STOP

Stop the Bleed
American College of Surgeons 

THE BLEED®

TRAINING

It takes about 7 to 10 minutes for first responders to arrive to a call, but it only takes about 2 to 5 minutes for a victim to bleed out.

The **STOP THE BLEED®** course is designed for individuals with little to no medical training but may need to help someone in a trauma situation before medical services arrive.

TRAINING INCLUDES:

- ✓ Hands on training and education
- ✓ Guidance from a trained medical professional
- ✓ Free **STOP THE BLEED®** kit for your organization
