

Greetings Valued Guests

As you are aware, the CDC and the State of Rhode Island recently updated their guidelines and executive orders for protection against Covid19. We are writing to let you know how these changes will impact your stay at our resort.

In accordance with the most recent guidance from the CDC and The State, effective immediately, we will no longer require that our guests who are fully vaccinated wear masks in any area of the resort. Additionally, we are lifting all capacity limits within our buildings.

We encourage all of our guests to, please, continue to follow CDC guidelines such as frequent washing of hands and using hand sanitizer. We also ask that everyone please be respectful of those guests who choose to continue to utilize face coverings.

We are committed to keeping you updated as guidelines evolve. For more information on the most recent executive orders, we invite you to visit the [State of Rhode Island](#)

We are looking forward to a great 2021 Season and thank you in advance for your cooperation and continued support.

Warm Regards,
Joe Burdick
Interim RV Resort Manager
Ashaway RV Resort
